ODSC 2022 EVENTS OVERVIEW

Since 2014, ODSC has raised the bar for data science conferences, gathering thousands of practicing data scientists, engineers, analysts, business managers, and academics to each event. World-renowned leaders in AI like Kirk Borne, Cassie Kozyrkov, Mike Stonebraker, Pieter Abbeel, Regina Barzilay, and others attend each ODSC conference to draw upon their expertise and show how you can turn your newfound knowledge into immediate action.

Backed with the trusted ODSC brand we offer our partners a wide variety of opportunities to achieve their marketing and sales goals digitally. Targeted content to qualified personas via Virtual Conference & Expo, webinars, podcasts, thought leadership, AI & Data Science trends reports and KPIs and much more.

As an exhibitor, ODSC East far exceeded our expectations in terms of the quality of attendee and return on marketing investment. We left with six potential proof of concept candidates and had many more qualified leads than from other industry events. We will definitely be returning!

WHY ATTEND

ODSC is the best community data science event on the planet. There are other events that cover special topics, or industries, etc., but ODSC is comprehensive and totally community-focused: It's the conference to engage, to build, to develop, and to learn from the whole data science community.

Kirk Borne, Booz Allen Hamilton, May 2019

THE ODSC EUROPE CONFERENCE OFFERS AN ENTIRELY NEW DATA SCIENCE LEARNING AND NETWORKING EXPERIENCE IN-PERSON AND VIRTUALLY

I can't possibly explain how much I enjoyed the ODSC conference. Many of the talks and workshops exceeded my expectations. Thank you very much and well done!

A GLOBAL COMMUNITY

Each ODSC conference attracts attendees from a wide range of industries, roles, and abilities. We welcome everyone from data scientists and software engineers to management and executives to ensure a uniquely collaborative environment.

INDUSTRY BREAKDOWN

LEARN

The latest models, frameworks, tools, and languages.

ACCELERATE

By learning advanced data science solutions and trends in AI for your industry and organization

ADVANCE

Your career by learning new hands-on and in-demand skills

DISCOVER

The latest advances in the field and learn valuable tips and techniques

NETWORK

With some of the top speakers, attendees, partners in the field of data science.

FOCUS AREAS

Machine Learning & Deep Learning

Train and learn on the latest models and tools for Deep Learning and Machine Learning

Natural Language Processing

Learn about the models, tools and frameworks essential to Natural Language Processing

Data Engineering & MLOps

Explore uses cases and best practices to learn how to incorporate data science practice into the wider business process.

Machine Learning for Finance

Learn essential quantitative modeling frameworks as well as how to use machine learning techniques to invest, trade, and manage risk in finance.

Mini-Bootcamp

ODSC Europe is the perfect event to decide if Data science is your next big career move

Responsible AI & Social Good

Learn a practical, ethical framework for technologists to develop machine learning systems from top data ethicists.

ODSC EUROPE 2022 EXTRA EVENTS

AI Expo & Demo Hall

Visit the AI Expo Hall and engage with leading AI solution providers, and learn about the products and solutions that will help you automate machine learning, optimize data science costs, extract more value from data, and much more.

Networking Reception

Socialize with fellow attendees as you recount the day's talks and workshops with a few well-deserved drinks and small bites. Network, connect and collaborate with those leading the future of data science and AI.

Meet the Speakers

Meet and connect with your favourite speakers from the conference! Talk shop and get your questions answered by the speakers.

Women Ignite Session

Fueling creativity and innovation among conference attendees. Ignite sessions are fast-paced, short presentations that allow YOU to pitch a unique, interesting project you're working on.

Meet the Experts

Bringing you up close and personal with some of the biggest names in data science! Sessions are audience-focused to help attendees solve their real-world, applied data science problems.

Book Signing Session

Meet and connect with your favourite authors and don't miss the chance to get a book signed.
