**ODSC**  **EUROPE**

TRAINING AI CONFERENCE & EXPO

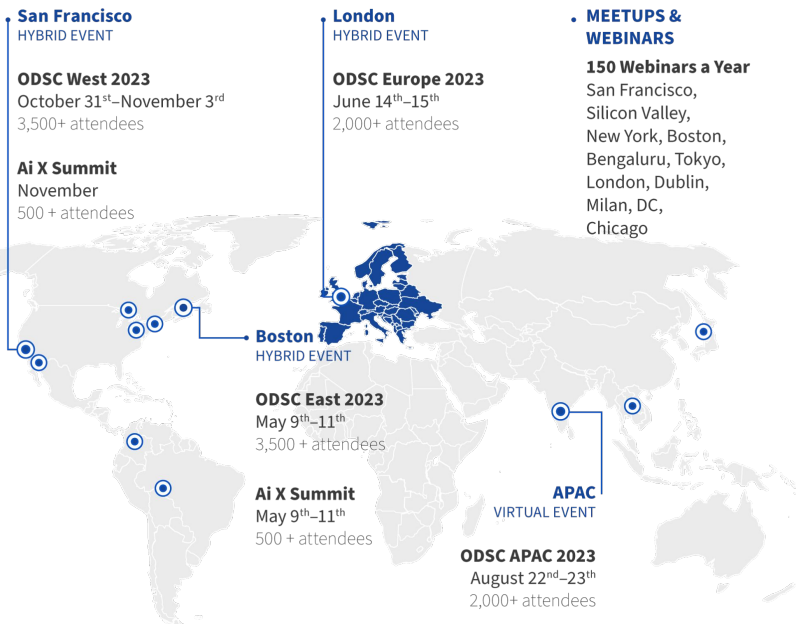

IN-PERSON & VIRTUAL  
London | September 5<sup>th</sup> – 6<sup>th</sup>

REGISTER NOW: [ODSC.COM/EUROPE](https://odsc.com/europe)

## ODSC 2023 EVENTS OVERVIEW

Since 2014, ODSC has raised the bar for data science conferences, gathering thousands of practicing data scientists, engineers, analysts, business managers, and academics to each event. World-renowned leaders in AI like Kirk Borne, Cassie Kozyrkov, Mike Stonebraker, Pieter Abbeel, Regina Barzilay, and others attend each ODSC conference to draw upon their expertise and show how you can turn your newfound knowledge into immediate action.

Backed with the trusted ODSC brand we offer our partners a wide variety of opportunities to achieve their marketing and sales goals digitally. Targeted content to qualified personas via Virtual Conference & Expo, webinars, podcasts, thought leadership, AI & Data Science trends reports and KPIs and much more.

As an exhibitor, ODSC East far exceeded our expectations in terms of the quality of attendee and return on marketing investment. We left with six potential proof of concept candidates and had many more qualified leads than from other industry events. We will definitely be returning!

Jessica Lorti | Dir. Tech & Brand Marketing | LexisNexis Risk Solutions

## CONFERENCE OVERVIEW

# 2 DAYS

### **AI & Data Science Conference**

Join 1,500+ registered attendees for training, networking and accelerating, AI and data science knowledge — all in one event.

Learn the latest data science and AI concepts, tools and techniques from the best. Connect with the leading industry experts who are passionate about molding the next generation of data and AI practitioners.

# 1,500+

# 130+

**TRAINING & WORKSHOP  
SESSIONS**

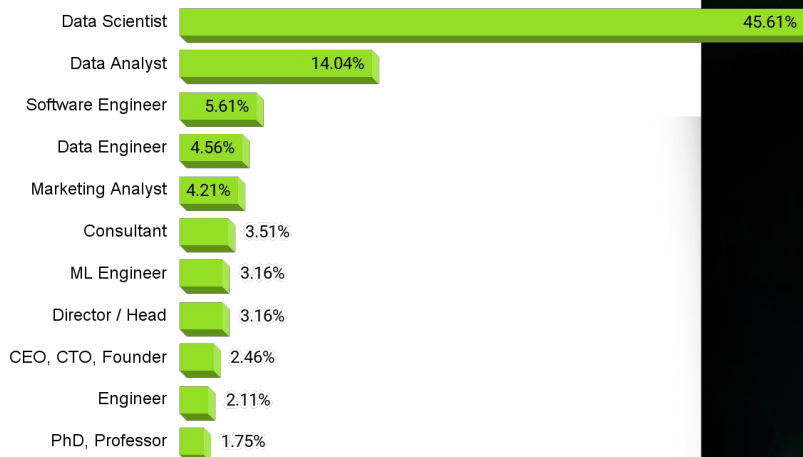

# 140+

**SPEAKERS**

## A GLOBAL COMMUNITY

Each ODSC conference attracts attendees from a wide range of industries, roles, and abilities. We welcome everyone from data scientists and software engineers to management and executives to ensure a uniquely collaborative environment.

### ATTENDEE PROFILE

### LEARN

The latest models, frameworks, tools, and languages.

### ACCELERATE

By learning advanced data science solutions and trends in AI for your industry and organization

### ADVANCE

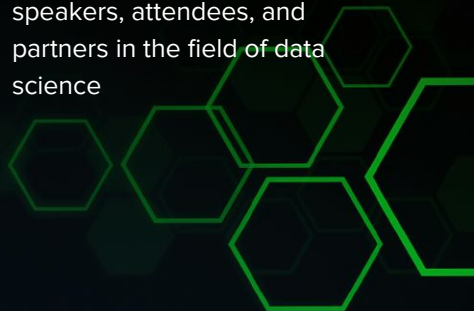

Your career by learning new hands-on and in-demand skills

### DISCOVER

The latest advances in the field and learn valuable tips and techniques

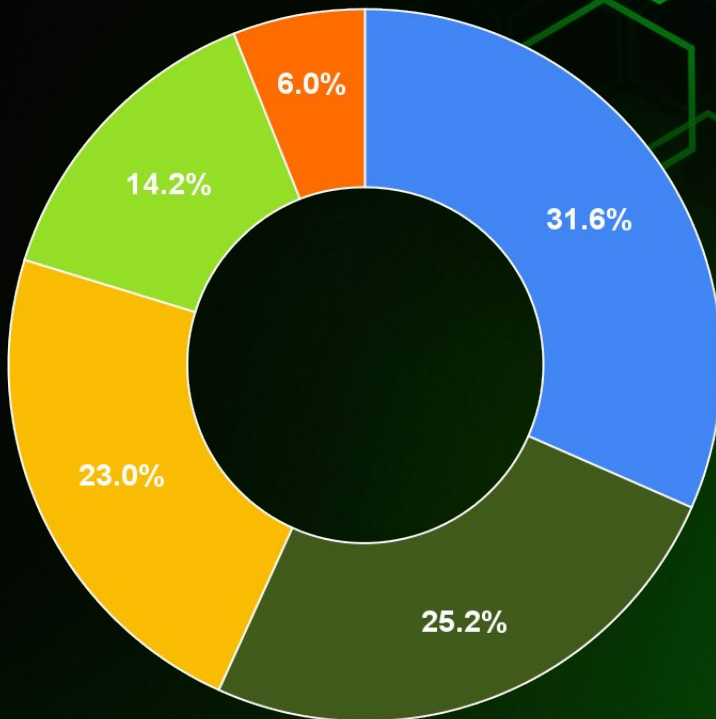

### NETWORK

With some of the top speakers, attendees, and partners in the field of data science

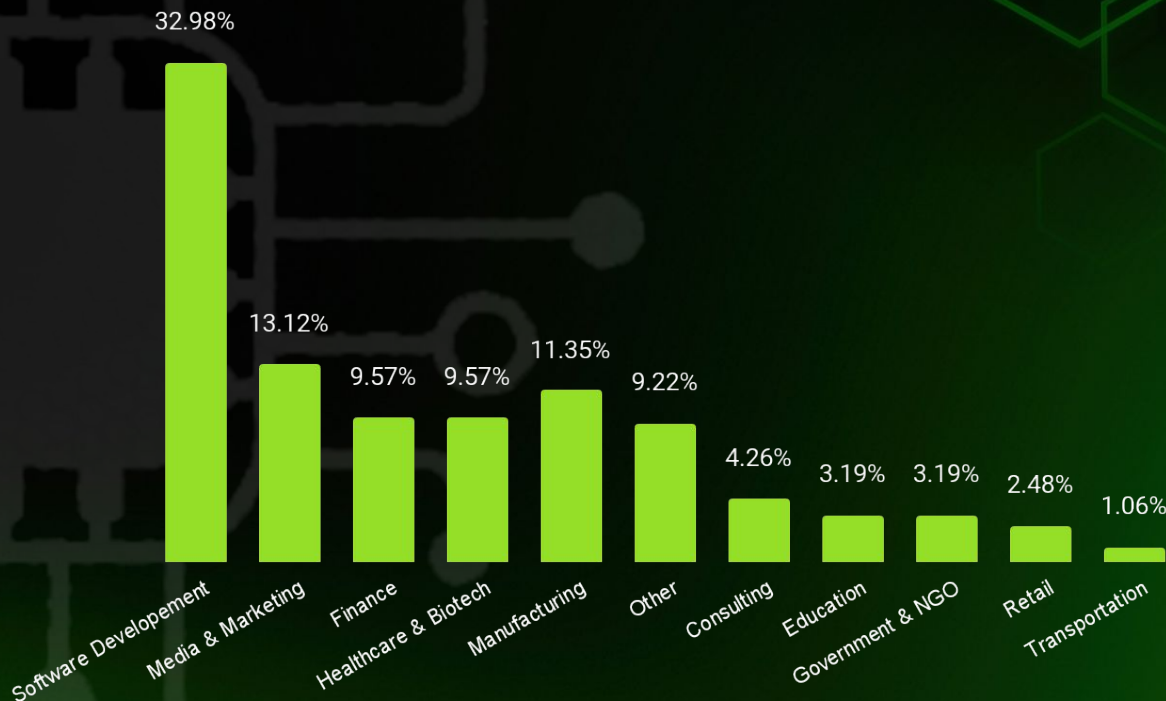

## ATTENDEE LEVELS

Institute, University of  
Oxford

## TRACKS

### **Machine Learning & Deep Learning**

Train and learn on the latest models and tools for Deep Learning and Machine Learning

### **NLP and Large Language Models**

Learn about the models, tools and frameworks essential to NLP and Large Language Models

### **Data Engineering & MLOps**

Explore use cases and best practices to learn how to incorporate data science practice into the wider business process.

### **Machine Learning for Finance**

Learn essential quantitative modeling frameworks as well as how to use machine learning techniques to invest, trade, and manage risk in finance.

### **Multimodal and Deep Learning**

Explore the latest developments in multimodal and deep learning with leading experts.

### **Generative AI**

Learn about the latest developments in generative models and the effects they are having on industry and society.

# ODSC EUROPE 2024 NETWORKING +

## **AI Expo & Demo Hall**

Visit the AI Expo Hall and engage with leading AI solution providers, and learn about the products and solutions that will help you automate machine learning, optimize data science costs, extract more value from data, and much more.

## **Women Ignite Session**

Fueling creativity and innovation among conference attendees. Ignite sessions are fast-paced, short presentations that allow YOU to pitch a unique, interesting project you're working on.

## **Networking Reception**

Socialize with fellow attendees as you recount the day's talks and workshops with a few well-deserved drinks and small bites. Network, connect and collaborate with those leading the future of data science and AI.

## **Meet the Experts**

Bringing you up close and personal with some of the biggest names in data science! Sessions are audience-focused to help attendees solve their real-world, applied data science problems.

## **Meet the Speakers**

Meet and connect with your favourite speakers from the conference! Talk shop and get your questions answered by the speakers.

## **Book Signing Session**

Meet and connect with your favourite authors and don't miss the chance to get a book signed.

## WHY ATTEND

*ODSC is the best community data science event on the planet. There are other events that cover special topics, or industries, etc., but ODSC is comprehensive and totally community-focused: It's the conference to engage, to build, to develop, and to learn from the whole data science community.*

*Kirk Borne, Booz Allen Hamilton, May 2019*

## THE ODSC EUROPE CONFERENCE OFFERS AN ENTIRELY NEW DATA SCIENCE LEARNING AND NETWORKING EXPERIENCE IN-PERSON AND VIRTUALLY

**Jose Modena** · 3-й+

Head of AI & Data Science at Digital,...

Very well done to [Alice Grout-Smith](#) and [Jamie Hilton](#) for the brilliant session "Causal Inference for Price Elasticity Modelling" at [#odsceurope](#) 2022 this week. Besides the large audience, many people asked questions and stayed afterwards to speak with them.

**Jay Alammam**  
@JayAlammam

It was great speaking about large language models at [#ODSCEurope](#) in London. I spoke there virtually in 2020 and really missed in-person conferences!

👉 **cohere** @CohereAI · 17 чев. 2022  
@JayAlammam sharing some of the main intuitions and real-world applications of large language models @odsc in London #odsc #llms
